

# Laying chicken activity.

You will need:

Chicken template

Scissors

Crayons

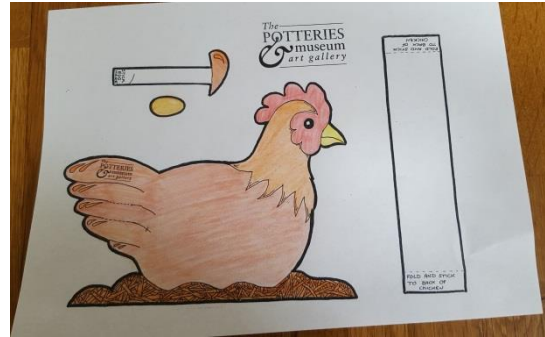

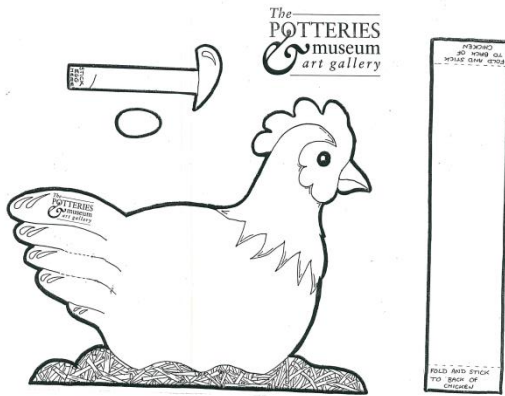

Glue

How to make:

1. Print out the chicken template.
2. Colour the chicken and the feather on the small tab and the egg.
3. Cut out the chicken, the egg, the tab with the feather and the band to help it stand up.
4. Cut a slit along the dotted lines at the rear of the chicken. Ask a grown up to help with this.
5. Slide the tab with the feather through the slit so that the feather is at the top.
6. Glue the egg onto the other end of the tab.
7. Fold the ends of the band and glue onto the back of the chicken near the bottom so it will help the chicken to stand.
8. When the glue is dry move the tab up and down to make the chicken lay an egg.
